

10-Port USB 2.0 Hub

MODEL NUMBER: **U223-010**

Description

Tripp Lite's U223-010, 10-port USB 2.0 hub is the most versatile and powerful hub on the market. It allows you to connect up to ten USB devices to a single USB port on your computer. This unit meets or exceeds USB 2.0 Specifications for Hi-Speed data transmission rates up to 480Mbps. Perfect for both the desktop user. While the hub will function perfectly in virtually all cases without needing external power, a compact, multi-voltage AC adapter (100-240V) has been provided for the rare circumstance when connecting a power hungry device. This USB 2.0 device is backwards compatible so that it will function with both USB 2.0 and USB 1.1 devices. Over-current protection safeguards connected equipment from over voltages.
