1. Important Terms
2. The prices are inclusive of GST.
3. The above pricing are subject to change based on fuel surcharges and courier company base rates.
4. Dead/Dry weight or volumetric weight whichever is higher should be taken into consideration while calculating the rates. Volumetric weight is calculated as (Length x Breath x Height) / (dimensional factor). Dimensional factor varies from 2700 to 5000 cm³/kg as stated by respective logistics partner.
5. Other Charges like Octroi charges, state entry tax and fees, address correction charges if applicable shall be charged extra.
6. For shipments via Ecom Express, transit to upcountry locations and rest of state locations will be charged extra Rs 5 per 500 gm and Rs 15 per 500 gm respectively, in addition to the base freight.
7. RTO (return to origin) shipment will be charged differently from the forward delivery rate.
8. If the order value (in INR) per kilo exceeds INR 5000, then 0.5% of the order value will be additional to freight charges.
9. For any queries please contact support@eassycart.com
10. The maximum liability if any is limited to whatever compensation the logistics partner offers to Company in event of a claim by the Merchant, provided such claim is raised by the Merchant within one month from the date of such damage or loss or theft.
11. Eassycart Shipping partner shall not assist in shipping goods that come under the category of prohibited, dangerous goods or restricted good.

***Disclaimer: Eassycart rate card does not contain rates from all our logistics partner.*
