PRODUCT OVERVIEW

MACHINING / CLAMPING TECHNOLOGY

Drilling, Threading, Milling, Turning, Clamping technology

HAND TOOLS AND METROLOGY

Metrology, Grinding and cutting, Fastening tools for screws
Hand and assembly tools

WORKSTATIONS AND STORAGE

Roller cabinets and tool trolleys, Workstation and workbenches,
Tool cabinets, Cabinets, Gridline accessories, Ladders and vices,
CNC and ESD tool storage, Environmental technology, storage technology.

MACHINING/ CLAMPING TECHNOLOGY

**Machining/clamping technology
for optimal process.**

Now sorted by Application drilling, tapping,
milling, turning and clamping.

THE PERFECT FIT – THE GARANT GRIDLINE SYSTEM.

The GARANT GridLine series is a fully modular system with high functionality and the best quality. In addition, sophisticated details and a modern design language impress.

The unique **G grid system (1G = 25 mm)** can be applied both internally and externally.

This means that both the modular arrangement system within the drawer and the furniture and components can be freely combined with each other.

This system concept enables you to plan easily and to achieve maximum design freedom.

WORKBENCHES

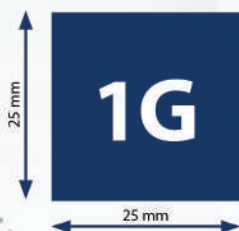

TOOLCARS

DRAWERS

THE MEASURE OF ALL THINGS

1 G = 25 MM

For the quick, simple and standardised design of everything from drawers to cabinets.

GARANT GRIDLINE DRAWERS

A new concept enables you to equip them perfectly with modular arrangement systems and dividing material.

GARANT GRIDLINE TOOLCAR (XL)

Mobile organisation for every working environment.

GARANT GRIDLINE TOOLTRUCK
